### ***Terminology Used In Australian Apprenticeships:***

Students undertaking Nationally Recognised Training usually access this training through either the Australian Apprenticeship System or by enrolling direct into a course. There are various laws and legislations that provide the framework to both employment and training related matters. The Acts listed below contain the "rules" that must be adhered to by Australian Apprentices, Training Providers and Employers. These Acts are available from the MMTC Ltd Workcover/OH&S Administration Officer or through your Training Consultant.

Throughout this booklet terms such as competencies, resources and learning materials will be discussed. Here are some explanations on what is meant.

- **Competencies:**  
A competency is a statement about the skills, knowledge and attitudes a trainee needs to complete in an area of work. For example 'Provide Quality Customer Service'. In the terminology of competency standards, a unit of competency includes:
  - The **elements** of the competency are the components of the work that make up the whole standard.
  - The **Performance Criteria** of the competency is the standard to which it is being carried out.
  - The **range of variables** of the competency is the environment in which the competency is carried out.

- Resources:  
This means the learning materials, hardware, software and other equipment you need to carry out training and assessment in an Australian Apprenticeship.
- Learning Materials:  
The supplementary material needed to support learning, for example, workbooks/learner guides, background reading, video and audio tapes, CD Roms, internet sites, etc.

### ***Training Package Information:***

Training Packages are a Government initiative designed to make training more flexible and affordable for industry. A Training Package comprises three nationally endorsed components. They are:

- National Competency Standards
- National Assessment Guidelines
- National Qualifications

Training Packages also contain resources to support delivery and assessment. The Training Package concept is designed to provide greater flexibility in gaining competency to the standards required.

Training Packages provide guidance on assessment and provides Employers, Australian Apprentices and Training Consultant's with the benefits of having an industry benchmark for training and assessment requirements. Training Packages also provide a career pathway. Qualifications range from Certificate II to Advanced Diploma Levels.

### **What are Competency Standards?:**

Within each Training Package, competency standards endeavour to advance quality and consistency in current and future work practices. The standards form the basis through, consistent and valid assessment. The assessment guidelines, in each Training Package, provide overall guidance on the relationship of competency standards to the conditions for assessment to occur.

Competency standards identify the skills, knowledge and attributes needed by a person to perform a job. The achievement of these competencies leads to a nationally recognised credential. You also benefit by being able to access national qualifications through a variety of pathways.

### ***Unique Student Identifier:***

From 1<sup>st</sup> of January 2015 to undertake nationally recognised training you will need to have a Unique Student Identifier (USI). This includes studying at TAFE or with a registered training organisation, completing an apprenticeship or skill set, certificate or diploma course.

A USI gives you access to your online USI account which is made up of ten numbers and letters. It will look something like this: 3AW88YH9U5

A USI account will contain all your nationally recognised training records and result from 1<sup>st</sup> of January 2015 onwards. Your result from 2015 will be available in your USI account in 2019.

If you do not currently have a USI, on enrolment you may provide MMTC Ltd with written permission to apply for a USE on your behalf

More information about the USI is available at [www.usi.gov.au](http://www.usi.gov.au)

### **Training Plans:**

All students have a Training Plan which documents their proposed learning and assessment strategy. The Training Plan will be signed by you, your employer and/or school (where applicable) and a MMTC Ltd. Training Consultant. Training Plans are usually developed and signed prior to training commencing, but must be finalised no later than four (4) weeks after training commencement.

The outcome of your Pre-Training Review shapes the approach MMTC Ltd. will take to design your Training Plan

All Training Plans will include, at least the following information:

- Name and contact details of your employer
- Title and code of qualification
- Unit title and cone of competencies/modules to be obtained
- Scheduled hours for competencies to be obtained
- Timeframe for achieving competencies including the proposed start date and end date of each competency (an actual dates where training has already occurred, for Apprentices/Trainees)
- Delivery modes to be used
- Assessment details and arrangements
- Party or parties responsible for the delivery and/or assessment of each competence; and
- Record of RPL assessment and CT granted, as relevant

A Training Plan can be changed after training commences and units selected may be replaced by another where it would create a better fit. This would only occur following discussion and agreement with you Trainer/Teacher (and employer, if applicable)

### **Pre-training Review:**

During your enrolment, MMTC Ltd. will conduct a Pre-Training Review

During the Pre-Training Review the training consultant will:

- Identify and competencies previously acquired by you through a Credit Transfer application or refer you to a Recognition of Prior Learning process

### **Enrolments:**

Prior to enrolment a pre-training review will be done with your training consultant, where any previous training can be recognised and a literacy and numeracy evaluation will be done. After course information has been provided and the pre-training review has been done, enrolment will be processed. - **What is Recognition of Prior Learning (RPL):**

If you know you are competent in the learning outcomes detailed in the module(s) you are enrolled in, you can apply for RPL. Recognition is granted as a result of identifying and assessing your previous and current formal and informal education and training, work experience and/or life experience and knowledge. The details are measured against pre-determined performance standards, which have been determined by industry, from a learning module(s), unit or element of competency listed in an accredited training package or course.

To prepare for RPL you should indicate your decision to apply for RPL when completing your enrolment or as soon as possible after your induction program.

**Then, in consultation with your Training Consultant you should:**

- Obtain a copy of the RPL Procedure and Application Form
- Decide which module(s) you are applying for
- Provide an Evidence Portfolio in line with the Assessment Criteria in the module information.
- Seek peer assessment
- Arrange for a direct practice observation of your competence if applicable
- Challenge a formative assessment of relevant underpinning knowledge and skills i.e. participating in a set assignment.

**Evidence for recognition of prior learning may include:**

- Evidence of current competence
- Performance, demonstration, or skills test
- Workplace or other pertinent observation
- Oral presentation
- Portfolio, logbook, task book, projects or assignments
- Written presentation
- Interview
- Simulations

**Clients seeking recognition are provided with:**

- Guidelines as to possible sources of evidence
- Opportunities for further support and application assistance from a trained member of staff
- The opportunity for refresher learning prior to assessment
- The opportunity to negotiate the form of assessment

RPL is available for all subject modules. The learning outcomes of each module provide the RPL benchmarks. Clients may receive full recognition or high standing for the competencies required for a course or module. High standing recognises attainment of some but not all competencies/elements for the course/module.

Clients must document their claim for competency in sufficient detail to enable the Training Consultant to decide on assessment needed.

If you require further information please ask your Training Consultant.

**Assessment:**

Assessment refers to the process of collecting evidence and making judgement on whether a student has achieved competency.

MMTC Ltd. has processes to ensure that all assessment conducted complies with the Principles of Assessment (fairness, flexibility, validity and reliability) and Rules of Evidence (validity, sufficiency, authenticity and currency).

**Assessment Method:**

Competency based assessment involves a wide range of assessment methods and gives you the chance to demonstrate what you can do in a work related role or task by providing relevant evidence of your skills and knowledge.

Your Training Plan will indicate which assessment methods will apply to each unit of competency. You can expect to have your competency assessed using one or more of the following assessment methods:

- Demonstration/Observation of Performance – Your Training Consultant may watch you demonstrating particular tasks in the workplace
- Work Samples – These are examples of the work you have completed on a regular basis as part of your job or training
- Written Activities – Tasks set out in workbooks or class activities requiring written completion
- Question and Answer – These may be either written or verbal
- Test (oral, written or practical) – You may be asked to provide answer to a series of set questions or tasks to demonstrate your level of understanding
- Third Party Report – This form of evidence is used when a colleague or supervisor can attest in writing as to your competence in relevant tasks and to your skills/ability to be able to undertake them successfully

It is our responsibility to ensure that you are properly prepared prior to every assessment as directed by your training consultant. You will, in all cases, receive clear assessment instructions, including what is needed for you to be assessed as competent in a unit.

If assessed as 'Competent', that particular unit of competency will be recorded as being successfully completed. If assessed as 'Not Yet Competent', your training consultant will suggest strategies for you to reach the required level of competency, within a negotiated time frame.

Your training consultant will provide feedback to you on assessment material submitted.

Your Apprenticeship/Traineeship is certain to contain challenges but overall is designed to provide you with a sense of achievement, and the skills and confidence you will need to continue in the workforce as a valuable, contributory member.

There are three parties in your training and assessment process:

### ***Apprentice and Trainee responsibilities***

#### ***Active participation:***

You should be an active participant in your training and assessment.

It is your responsibility to:

- Complete the assessment activities and any other activities required, to help you work towards acquiring the necessary skills and achieving competency
- Collect evidence that shows you are competent, such as work samples, reports you have written, research you have done and/or assessment activities
- Keep your records neat, organised and up-to-date
- Be prepared to show your supervisor how to do a task
- Advise your Trainer/Teacher if you are unable to keep an appointment
- Present your completed Release Logs Books (if applicable) to your Trainer/Teacher at each visit, or when requested

#### ***Maintain your Time Release Log Book (Workplace Training only):***

You will be provided with a Monthly Time Release Log Book (see below) in which you need to record all time spent undertaking structured training. This record will form part of the evidence required to gain competency.

#### ***Employer Responsibilities:***

The employer/workplace supervisor plays an important part in the development of the skills and knowledge of the apprentice/trainee. The employer/workplace supervisor is responsible for:

- Supervising the work duties of the apprentice and trainee and providing opportunities for practice and consolidation of the skills they are developing
- Releasing the apprentice/trainee from their normal work duties for training (see Time Release below)
- Being available to meet with the MMTc Ltd Trainer/Teacher at each training visit (or making an alternative time to catch up) to discuss the progress of the apprentice/trainee

**RESPONSIBILITIES!**

- Signing a Contract Record to verify the face-to-face training visits that take place
- Participating in the assessment process by confirming the assessment strategies are appropriate for the workplace and apprentice/trainee (negotiating changes where necessary) and verifying that the apprentice/trainee is demonstrating the appropriate work skills
- Confirming their agreement with the decision of the Trainer/Teacher that the apprentice/trainee is competent in a unit of competency/cluster of units and/or the qualification as a whole. For apprentices/trainees, the employer must confirm the apprentice/trainee's competence in the workplace at agreed stages during the apprenticeship/traineeship

If an employer/workplace supervisor has any difficulties during the training period, they should talk to the Trainer/Teacher, or contact the Training Manager/Manager of Academic Programs

### **Time Release**

The employer is required to release the apprentice/trainee from their routine work duties to allow them time to train.

The amount of time that an employer has to release an apprentice/trainee depends on the level of qualification in which they are enrolled:

- For apprentices/trainees undertaking a Certificate III or above, they must be released for a minimum of 3 hours per week, averaged over a four week cycle (for part-time, it is calculated on a pro-rata basis)
- For apprentices/trainees undertaking a Certificate I or II, they must be released for a minimum of 1.5 hours per week, averaged over an eight week cycle (for part-time, it is calculated on a pro-rata basis)

The training activities done by the apprentice/trainee during this time may include:

- Face-to-face training with MMTC Ltd Trainer/Teacher
- Completion of set activities and assessment tasks
- Job rotation
- Instruction in a new process by the Workplace Supervisor
- Practising skills under supervision
- Attendance at seminars and workshops

The dates and time periods of time release, and the activities done must be logged by the apprentice/trainee, and given to the Trainer/Teacher at each visit.

### ***School Based Apprenticeships/Traineeships (SBAT's)***

MMTC Ltd also offers school-based apprenticeships and traineeships. SBAT's are designed to give young people a more flexible way of moving from school into the workplace. They allow an apprentice/trainee to combine work and vocational training with their school work. Because the apprentice/trainee is still at school, the school becomes involved in the apprenticeship/traineeship along with the employer. The school is included in all of the arrangements for a SBAT – they will sign off the training plan and arrange for the apprentice/trainee to have their qualification credited towards their VCE or VCAL.

EEO legislation deals with three main areas of practical concern:

Harassment is a form of discrimination. It consists of unwelcome, embarrassing, unsolicited, offensive, abusive, belittling or threatening behaviour directed at an individual or group because of some real or perceived attribute such as a person's ethnicity, sexuality, or disability in circumstances which a reasonable person, would have anticipated that the person harassed would be offended, humiliated or intimidated.

A person sexually harasses another if:

- The person makes an unwelcome sexual advance, or an unwelcome request for sexual favours to the other person; or

**(i) Complaints Procedure**

Murray Mallee Training Company's EEO, Discrimination, Harassment, Bullying and Workplace Violence policy outlines the types of behaviour that are and are not acceptable within the workplace. Our complaints procedure is:

- Impartial. Both sides have a chance to tell their side of the story. No assumptions will be made and no action will be taken until all relevant information has been collected and considered.
- Free of repercussions. No action will be taken against anyone for making a valid, truthful complaint or helping someone in making a valid, truthful complaint. Management will take all necessary steps to ensure that no victimisation occurs against anyone who makes a complaint. Disciplinary action, including possible termination, may ensue against employees who make deliberately false and/or malicious complaints.
- Timely. All complaints will be dealt with as quickly as possible.
- Completely confidential. You can feel secure that if you do make a complaint under this policy, it will remain as confidential as possible. The only people who will have access to information about the complaint will be the person making the complaint, the investigators, and where necessary, the person about whom you have complained. In some situations, some details of a complaint will also have to be told to potential witnesses. Only the people directly involved in making or investigating a complaint will have access to information about the complaint. Employees involved in any way with an investigatory process, including complainants, alleged offenders or witnesses who breach confidentiality requirements explained to them at any time prior to, during or after the investigation process will face disciplinary consequences for their actions.

The following procedure is to be used to resolve any complaint:

**Step 1**

Approach the WHS Officer who can provide information about the range of choices available to the employee with the complaint. In the event your complaint relates to the WHS Officer, approach the CEO instead.

**Step 2**

If judged possible by the complainant, try and sort out the problem or concern with the person involved informally. The WHS Officer can provide advice on how to do this. This step is not compulsory, but is strongly recommended as a desirable course of action by the Company, to ensure that minor issues are resolved informally between the parties, where possible.

**Step 3**

If this does not work, or if the problem or concern cannot be sorted out informally, or if the complainant does not wish to attempt an informal attempt at resolution, a formal complaint may be lodged by the employee with the CEO. Details of the complaint must be formally recorded including full details of the alleged incident(s), time, place and/or circumstances. The CEO will then refer these details to the appointed Company representative for investigation.

**Step 4**

A full examination of complaints will be conducted by a Company representative and may include the following:

- interview the alleged offender in relation to the substance of the complaint;
- require the alleged offender to provide an explanation concerning the alleged matters; and
- further investigate the matter including taking evidence or witness statements from other parties including parties nominated by the alleged offender in defending the matter.

**Step 5**

On completing their examination of the matter, the investigator will make a recommendation to the CEO for a final decision.

**Step 6**

The decision of the CEO will be actioned, and the complainant and alleged offender advised of the outcomes.

Outcomes may include:

- counselling
- disciplinary action, including termination
- an apology
- further training in EEO or other matters.

Please Note: If the complaint is about the CEO, an alternative company representative will perform the functions in this policy attributed to the CEO.

**(j) External Commission**

Employees are expected to utilise the complaints procedure. If an employee is dissatisfied with any procedural aspects of how his/her complaint has been handled or is dissatisfied with the outcomes of an investigation, he/she may have redress to the applicable State Anti-Discrimination Commission and/or Fair Work Australia.

Maintaining and promoting a workplace free of discrimination and harassment is the role of every employee.
